Hello, my name is Yasin Alfi Yahya. I'm an undergraduate student at Yarsi University. I have experience of joining AI Talent Academy, which is a study independent program from my university. At AI Talent Academy, I learned a lot about implementing machine learning. My dedication is highlighted by joining Bangkit Academy 2022 and I have also obtained my international certification, namely the Tensorflow Developer certification. I want to start my career now by looking for further experience and knowledge, especially in the field of cloud computing and artificial intelligence.
